There's a lot more to do, so look around for the best deals. Whale watching was definitely a family favorite on our trip! The ATV rides were kind of pricey with all the added fees, so we skipped that one this trip.

We didn't need any pesos. We either paid in cash (US) or charged our credit card in pesos (this gets you a better rate). Also, don't be afraid to haggle with sellers. Good tip, if you act disinterested, they will likely offer you a better deal!
